A sequence of ten icons illustrating the evolution of a robot. The icons progress from a simple rectangular box with two dots (eyes) to a more complex, multi-limbed machine with a head, torso, and multiple legs. The final icon is a highly detailed, multi-limbed robot with a head, torso, and multiple legs, resembling a complex mechanical or biological structure.

scully you saved me.
as difficult and as
frustrating as it's
been sometimes, your
goddamned strict
rationalism and
science have saved
me a thousand times
over. you kept me
honest. you made me
a whole person. i
owe you everything,
and you owe me
nothing. i don't know
if i wanna do this
alone. i don't even
know if i can. if i
quit now, they win.
